## Note:

\*: When market conditions are determined to be volatile by the Exchange, the Error Trade Price Range may be expanded in increments of 50% over the prevailing range. This will be administered by DMC at any time during the trading session and communicated via a broadcast message. Once expanded, the new Error Trade Price Range shall remain for the rest of the trading session for the day or until further expansion is advised.

#: Cells that are highlighted in yellow indicates point change.
